GUIDELINES & APPLICATION FOR APPROVAL OF A SPECIAL PERMIT

Planning Board – 11 S. Main Street – Pittsford, 14534 – 248-6260

COMPLIANCE WITH THE FOLLOWING RULES WILL IN NO WAY GUARANTEE APPROVAL OF AN APPLICATION. It may even be necessary for the board to request additional information to make its decision.

The Planning Board meets on the second and fourth Mondays of each month at 6:30 P.M. local time at the Pittsford Town Hall, 11 South Main Street, Pittsford, New York. New hearings are opened only on the second Monday of the month. The applicant, or the applicant's duly authorized agent, must appear at all public hearings held on the application. Failure to appear may result in automatic denial.

The requirements set out in this packet for the applications to the Planning Board are not to be considered all-inclusive. Depending on the nature and scope of a particular application, it is the prerogative of the Director of Planning, Zoning and Development, the Development Review Committee, or the Planning Board to request more information of the applicant. Prior to making an application, it is strongly recommended that discussions take place with Department of Public Works (DPW) staff to discuss procedure and application content, and to determine the need for pre-application meetings with DPW staff or the Planning Board.

A complete package of application materials must be filed with the Secretary of the Planning Board of the Town of Pittsford by the submission deadline for the requested public hearing date of the application. A schedule of public hearing dates, including submission deadlines, is available from the Planning Board Secretary. An application to the Planning Board will not be accepted until all required materials have been deemed to be complete and accurate. The Board has adopted a policy of accepting only the first four (4) complete applications submitted for any one agenda. **All application materials will be available for public review.**

Approximately ten (10) days prior to the public hearing, the Town will post a sign in a conspicuous location on the subject property. This sign should be maintained on the property until it is removed by the Town.

TOWN OF PITTSFORD

TOWN CODE ARTICLE XXV SPECIAL USE PERMITS

§ 185-170. Authorization.

The Planning Board and the Zoning Board of Appeals each have the authority to grant special permits, but such authority is limited to those special permit uses this chapter specifies shall be reviewed by each Board. Where not specified in this chapter, the Zoning Board of Appeals shall have the authority to grant the special permit.

§ 185-171. Application.

All applications for special permits shall be made by the owner or his agent and filed with the secretary of the appropriate Board not less than 30 days prior to the date of the proposed public hearing on the application. No application shall be accepted, considered or scheduled for public hearing until all required materials have been deemed to be complete and accurate. The application shall include the following:

- A. A diagram or plan showing the dimensions of the lot on which the proposed use, structure or alteration is proposed, its location on the lot, all structures on the lot, lot dimensions, setbacks, parking and ingress and egress.
- B. A locational drawing.
- C. A plan showing the intended use, structure or alteration.
- D. A description of the proposed use and its operation.
- E. A list of all property owners (and addresses) of each parcel of property within 500 feet and/or affected property owners.
- F. The required application fee as specified by resolution of the Town Board.
- G. An environmental assessment form (EAF).
- H. Such additional maps, plans and specifications or other information as may be required by the applicable Board.

§ 185-172. Notice.

The Town will place a legal notice in the proper newspaper, advertising the applicant's name, the property location, the special use permit requested and the time and place for a public hearing. In addition, the secretary of the Board will notify the Monroe County Department of Planning, when required by New York State Law because the property is within 500 feet of another municipality, state or county.

§ 185-173. Public hearing.

Before acting upon any application for a special permit, the appropriate Board shall hold a public hearing thereon.

PLEASE NOTE THE FOLLOWING SECTION (§ 185-174.) ESPECIALLY

§ 185-174. Determination of impact.

In passing upon each application, the appropriate Board shall determine whether the proposed use would endanger or tend to endanger the public health, safety, morals or the general welfare of the community. In making such determination, it shall consider the following:

- A. Whether the proposed use will be in harmony with the general purpose and intent of this chapter, taking into account the location and size of the use, the nature and intensity of the operations involved in or conducted in connection with it and the size of the site with respect to streets giving access to it.
- B. Whether the proposed use will tend to depreciate the value of adjacent property, taking into account the possibility of screening or other protective measures.
- C. Whether the proposed use will be detrimental to the flow of traffic in the vicinity or otherwise create a traffic hazard.
- D. Whether the proposed use will create fire or other safety hazards.

- E. Whether the size and use of the proposed facility, alone or in combination with similar facilities in the area, will be so substantially out of proportion with the character of nearby residential neighborhoods as to jeopardize the continued use of the neighborhoods for residential purposes.
- F. Whether the proposed use or operation will produce or present substantial danger of excessive noise, noxious odors, noxious or harmful discharge, fire or explosion, radiation, chemical or toxic release or other conditions injurious to the health or general welfare of occupants of the surrounding area.
- G. Whether the location and size of the use, the size of the site in relation to the use, the operations in connection with the use and the parking and traffic related to the operations will be such as to create a significant hazard to the safety and general welfare of the surrounding area.
- H. Whether the proposed use will be detrimental to neighboring property or alter the essential character of the neighborhood.
- I. Whether the proposed use complies with the State Environmental Quality Review Act (SEQRA).

§ 185-175. Decision.

If the Board determines that the proposed use would endanger or tend to endanger the public health, safety, morals or general welfare of the community, it shall deny the application; otherwise it may grant a special use permit, provided that the proposed use, construction or alteration complies with the provisions of this chapter. The secretary of the Board shall notify the applicant of the decision, and if a special permit be granted, he shall issue and deliver the same to the applicant. If the Monroe County Department of Planning is required to review the application, the Board cannot make a decision thereon until it has received its report on the application.

§ 185-176. Conditions on permit.

In granting a special permit, the Board may impose reasonable conditions in order to mitigate any adverse effects of the proposed use. If the Board finds such adverse effects cannot be adequately mitigated, then the Board shall deny the special permit.

§ 185-177. Burden of proof. [Amended 10-3-1995 by L.L. No. 11-1995]

With the exception of schools and places of worship, the applicant shall have the burden of proving that the proposed use, construction or alteration will not endanger the public health, safety, morals or general welfare of the community given all relevant considerations. Under New York decisional law, there is a rebuttable presumption that schools and places of worship are in furtherance of the public health, safety, morals and general welfare of the community, and the burden of proof is on those who seek to rebut that presumption.

§ 185-178. Permit required for expansions or additions.

A special permit is required not only for the original establishment of a specially permitted use but also for any expansions or additions thereto.

§ 185-179. Revocation of special permit.

Once granted, a special permit may be revoked if, after notice and public hearing, the Board which granted it determines that the conditions and restrictions imposed upon the permit have been violated or not fulfilled.
