## SUPERVISORS ANNOUCEMENTS

Supervisor Smith offered congratulations to the Pittsford high school sports teams that have recently won Sectional titles; Girls Nordic Skiing, Boys Hockey, Cheerleading and Sutherland Boys Basketball playing in their semi-final game tonight.

Referring to the recent train derailment in Ohio, the Supervisor outlined the Town's emergency response preparations and plans. These include the Railroad Emergency Plan, the Significant Events Field Operations Guide, the Job Aids Checklists for emergency personnel structured in order of priority to gain and maintain situational awareness, to support immediate life safety initiatives, to support stabilization of the situation, to support human needs such as food and child care, and property conservation. These plans are reviewed and updated quarterly by the Emergency Team consisting of the Fire Marshall, the Captain of Sheriff's Department Zone A, representatives of all fire departments that serve Pittsford, representatives of the Monroe County Office of Emergency Management, the County Department of Public Safety, the Town Supervisor and Chief of Staff. In addition the Town keeps current at all times the binder containing all legal forms for the Supervisor to declare a state of emergency, to bring in state and federal emergency services and all forms of resolutions that the Town Board would need to adopt in a special meeting called to respond to such an emergency. The Supervisor noted that recently the Town filed a formal request to CSX Railroad to conduct a safety review of the railroad bridge on North Main Street near the intersection of Washington Road, and that the Town periodically requests safety reviews of the bridge, which have been performed.

## PUBLIC HEARING FOR NORTHSIDE FIRE PROTECTION DISTRICT AGREEMENT

#### OTHER BUSINESS

Councilmember Koshykar asked for a report at a future meeting about the status of grant applications such as the Board has had before. She asked about obtaining notice from railroads about hazardous substances on trains going through the Town and suggested writing to federal and state officials. Supervisor Smith observed that the Town had been through this a few years ago, enlisting the aid of Senator Schumer's office to see if the Town could be notified of substances in transit through Pittsford, and despite the Senator's assistance, this information was unobtainable under current federal regulations. Railroads, he noted, are under federal jurisdiction. Councilmember Townsend referred to recently introduced federal legislation to provide for notice to municipalities of moving hazardous materials through them by rail.

Councilmember Townsend asked when the 25 mph speed limit signs will be installed on the streets affected by the new local law passed at the end of 2022. Commissioner Schenkel explained that the state enabling law's requirement for a traffic engineer's report approving the new speed limit on each street has turned out to be a much more lengthy and troublesome condition than anticipated when the Board passed the local law. Apparently this requirement is so new to traffic engineering firms that they are still designing protocols to make the required evaluation and cannot do it yet. The Councilmember noted that this impediment should have been communicated earlier to Town Board members and asked for periodic reports to the Board from Department heads.

Councilmember Koshykar asked about planning for phasing in electric vehicles to the Town fleet. Commissioner Schenkel responded that this is already being done, that the Town looks for electric vehicles each year when it updates the fleet replacement schedule. Currently, electric pickup trucks that have been developed are unavailable for sale, such as the electric Ford F-150, and larger electric trucks have not yet been designed. He noted that electric riding lawnmowers and heavier duty trucks appear to be on the verge of being manufactured. The Town will continue to look for electric replacements as they become available. Currently there are problems in obtaining replacement vehicles of any type, including gasoline and diesel models, due to supply chain and labor shortage issues, to the point that the Town still awaits delivery of several vehicles ordered in 2022.
