OTHER BUSINESS

Supervisor Smith gave board members updates on both the status of the waste hauler for refuse districts and the highway union petition status. Supervisor Smith and other staff met with the East Rochester Village Administrator and the head of East Rochester's municipal trash collection operations on what it would take for the Town to start managing trash pick up on its own. The Supervisor also met with local representatives of both Casella and Seyrek. Casella seems eager to prove they can provide the quality of service our agreement requires. It has executed a consent to the Town's formal request

Minutes of the Pittsford Town Board for May 6, 2025

to extend the existing contract through the end of 2027, the longest the contract allows. This locks in for residents the currentl highly favorable rate for trash collection for the longest period possible. The Town will prepare a letter to Refuse District residents about the changes in the trash hauler, the continuity of the current rate and the Town's efforts to monitor quality of service closely as the new company takes over. We will also provide Refuse Districts residents with contact information for reporting problems with service, to which the Town will respond promptly.

At an April 17 meeting among the Public Employment Relations Board and representatives of the Town and the union, all parties agreed to an election for the Highway Department to determine whether its members want union representation. The election shall take place by mailed ballots. The Town will provide the union with mailing labels for all eligible highway employees. The balloting window will be from June 5 to July 3, 2025, with the votes to be counted at the PERB's offices in Buffalo on July 25.

Councilmember Havannavar noted that May is Asian American, Native Hawaiian, and Pacific Islander Heritage Month, recognizing people of AAPI backgrounds in Pittsford and their accomplishments and thanking the community for making them feel welcome in Pittsford. Councilmember Havannavar asked also about potholes on Sutherland St. Commissioner Schenkel responded that he would ask the Village of its plans for remediation, and that the Town is willing to assist with necessary repairs. Commissioner Schenkel noted that he is working with the Communications Director regarding posting online information about how to create a lighting district.

With no further business, the meeting adjourned at 7:00 P.M.

Respectfully submitted,

Renee McQuillen
Town Clerk
