

Town of Pittsford Fixed Asset Policy

The Town Supervisor or his/her designee shall be responsible for maintaining a continuous and accurate inventory of equipment owned by the District in accordance with "The Uniform System of Accounts for Towns."

All supplies and equipment purchased and received by the Town shall be checked, logged, and stored through an established procedure.

The Director of Finance shall be responsible for accounting for general fixed assets according to the procedures outlined by the Uniform System of Accounts for Towns and GASB Statement 34 Regulations.

These accounts will serve to:

- a) Maintain a physical inventory of assets;
- b) Establish accountability;
- c) Determine replacement costs; and
- d) Provide appropriate insurance coverage.

Fixed assets with a minimum value of \$100.00 and a useful life of one (1) year or more and physical characteristics not appreciably affected by use or consumption shall be inventoried and recorded on an annual basis. Fixed assets shall include land, buildings, and equipment.

The Board shall establish a dollar threshold as a basis for considering which fixed assets are to be depreciated. Such threshold shall ensure that at least eighty percent (80%) of the value of all assets is reported. However, it is recommended that such threshold shall not be greater than \$10,000 (ten thousand dollars). A standardized depreciation method and averaging convention shall also be established for depreciation calculations.

Fixed assets acquired having a value equal to or greater than the established threshold are considered depreciable assets and shall be inventoried for the purposes of GASB 34 accounting practices and placed on a depreciation schedule according to its asset class and estimated useful life as stipulated by the New York State Comptroller's Office or the Internal Revenue Service (IRS).

Assets shall be recorded at initial cost or, if not available, at estimated initial cost; gifts of fixed assets shall be recorded at estimated fair value at the time of the gift. A property record will be maintained for each asset and will contain, where possible, the following information:

- a) Date of acquisition;
- b) Description;
- c) Cost or value;
- d) Location;
- e) Asset type;
- f) Estimated useful life;
- g) Current value;
- h) Salvage value;
- i) Date and method of disposition; and

The Director of Finance shall arrange for the annual inventory of Town property, equipment and material. Any discrepancies between an inventory and the Town's property records on file should be traced and explained.
