HISPANIC HERITAGE MONTH CONTINUES THROUGH 10/15

Hispanic Heritage Month is September 15 – October 15, a time to recognize the achievements and contributions of Hispanic Americans and Latin Americans and to appreciate the many ways in which they have, through a myriad of diverse backgrounds and abilities, enriched our nation's history and culture. Hispanic Americans and Latin Americans have made a positive impact on every facet of our society: science, law, medicine, business, civil rights and community advocacy, exploration, the arts, fashion, academia, politics, public and military service, media, sports – from astronauts, Nobel Prize winners and legendary athletes to Broadway sensations, community icons, and a Supreme Court Justice. During Hispanic Heritage Month – and always – we value and appreciate our Hispanic and Latina/Latino community members, their accomplishments, and the inspiration they bring to us all.

If you haven't yet had a chance to do so, please stop by the Pittsford Community Library to see our Hispanic Heritage Month display, which features books, movies, and audiobooks by Hispanic authors and about Hispanic characters. I was quite impressed by it! The display includes information about the [Hispanic Heritage Month movie collection](#), available for free to Pittsford residents via the Kanopy video streaming service.

Learn more about Hispanic Heritage Month and upcoming events by visiting the Library of Congress [Hispanic Heritage Month website](#).

GREENPRINT 25 PRESENTATION WITH BILL CARPENTER – THIS THURSDAY AT THE LIBRARY

Presented by Historic Pittsford

Did you ever wonder why there are still so many farm fields and green space in Pittsford? This year marks the 25th anniversary of Pittsford's Greenprint for the Future – an intentional commitment to protect the green space in the Town of Pittsford by purchasing the development rights of over 2000 acres. Learn what led to this award-winning plan and how the community was involved. Bill Carpenter, Town Supervisor at the time the Greenprint was developed and implemented, will present "**Greenprint for Pittsford's Future: A Community Success Story**" this Thursday, October 7 at 7:00pm at the Pittsford Community Library. A question and answer session will follow Mr. Carpenter's presentation.

The program is presented by Historic Pittsford. It is free and open to the public, and will be held in the Library's Fisher Meeting Room. Masks and social distancing will be required for attendees. For accessibility accommodations, including sign language interpretation, please contact Historic Pittsford at historicpittsford@gmail.com by Sept. 30. The Pittsford Community Library is located at 24 State Street.

TAKE THE GREENPRINT 25 SELF-GUIDED TOUR

Visit all sites and enter drawing for a free week of Summer Camp!

The Town of Pittsford approved its award-winning "Greenprint for the Future" in 1996, preserving in perpetuity over 2,000 acres of open space in Pittsford, by purchasing of development rights of 10 local farms. To mark its 25th anniversary year, we've put together a self-guided tour to celebrate the farms the Greenprint preserved and to honor those who farm them

today. You'll find an interactive map of the tour at <https://gis.townofpittsford.org/greenprinttour>. If you complete the tour and fill out a **Greenprint 25 Passport sheet**, you'll be entered in a drawing to win a free week of summer camp! You'll find the [Greenprint 25 Tour Passport sheet online](#) or you can pick it up at the Spiegel Pittsford Community Center. For the passport sheet and complete information about the tour and the drawing, visit our Greenprint 25 web page at www.townofpittsford.org/greenprint25 or use the QR code above.

TAKE THE 5 AND 5 CHALLENGE – HELP REDUCE SPEEDING!

- Allow 5 extra minutes to drive anywhere
- Drive 5 mph slower than you normally would

With each trip in your car, please consider allowing an extra five minutes to drive anywhere, and driving five miles per hour slower than you normally would.

This can make a big difference to safety on our roadways if we all do it.

Avoid distractions. Pay attention to your surroundings when driving. It bears repeating: drive like your loved ones are on the streets and sidewalks, wherever you are – because somebody's loved ones are there!

GREENPRINT 25 SPOTLIGHT: WILLARD FARMS

Willard Farms spans both sides of Willard Road. Founded by Oliver Perry Willard and Mary Evelyn Burlingame in the 1880s, it's been run by the family for generations. Today Bill Willard (4th generation) and Marc Krieger (5th generation) own and farm the land. Bill's wife Paula runs the farmstand. The homestead and farmstand are located at 116

Willard Road, surrounded by over 80 acres of farmland. Bill and Marc farm an additional 100 acres on the nearby Menzie/H. Harlan Knickerbocker Farm. Bill's been farming the land all his life, and his grandchildren – the 6th generation on the farm – are already helping out picking beans.

The wheat, corn and soybeans the Willards grow is sold wholesale. Their farmstand features sweet corn, tomatoes, and a variety of squash and other vegetables, including green and yellow beans, broccoli, cauliflower and cabbage, plus pumpkins in the fall – all home grown.

Bill says the farm was frequently targeted by developers before the Greenprint. "My father (Walter Willard) told me he used to get four to five builders stopping by a week offering to buy the land," he says. Walter Willard refused the offers but was concerned that someday he would have to sell. Once the Greenprint went through in 1996 and the Town purchased their development rights, the Willards no longer had to worry about

Host your own garage/yard sale October 16 & donate the proceeds to PTSA

The 58th Annual PTSA Super Sale again will look a bit different this year, and you can help make it a success! COVID-19 Closure Updates

On June 15, 2021, Governor Cuomo announced that COVID-19 restrictions are lifted immediately as 70 percent of New Yorkers aged 18 or older have received the first dose of their COVID-19 vaccination series. The State's health guidance and New York Forward industry specific guidelines—including social gathering limits, capacity restrictions, social distancing, cleaning and disinfection, health screening, and contact information for tracing—are now optional for retail, food services, offices, gyms and fitness centers, amusement and family entertainment, hair salons, barber shops and personal care services, among other commercial settings.

On August 2, 2021, Monroe County was designated as a County with a "substantial" COVID infection. Consequently, the CDC now recommends that people, regardless of vaccination status, wear a mask indoors. This is a recommendation, not a mandate. The guidelines are unclear at this point, as is the situation. Neither the State, the County or the Town has imposed a mask *requirement* at this stage. pp

Unvaccinated individuals continue to be responsible for wearing masks, in accordance with federal CDC guidance. Consistent with the State's implementation of the recent CDC guidance, masks are still required for unvaccinated individuals.

For information on the vaccine, on getting the vaccine, regional vaccination data and more visit the [Finger Lakes COVID-19 Vaccine Hub](#).
