TOWN TO DISTRIBUTE COVID-19 RAPID TEST KITS THIS SATURDAY *Free test kits available to Pittsford Town and Village Residents*

The Town will distribute COVID-19 Rapid testing kits to Town and Village residents this Saturday, December 18 at the Mendon High School bus loop, 472 Mendon Road. Test kits will be distributed from 9:00 – 11:00am or until supplies run out. Monroe County has provided these test kits to the Town, for distribution to residents. Consistent with all other Monroe County towns, Pittsford will offer one test kit per household. Each kit contains two tests. Those wishing to pick up a test kit must show proof of Pittsford residency (street address physically located in Pittsford Town or Village). A driver's license or utility bill showing the address will be required. The test kits will be offered on a first-come, first-served basis.

The County's supply is limited, permitting it to make available to each town enough test kits for 50% of all households in the town.

"Thanks to Monroe County for providing these test kits," said Pittsford Town Supervisor Bill Smith. "With so many people getting together for the holidays, the timing works out well. The test can let someone experiencing symptoms or who may have been exposed to make the right decisions. As ever, the Town is grateful to our Pittsford Central School District for making Mendon High School available as the distribution point."

Monroe County is providing test kits to each town for distribution to its residents. For more information on COVID-19 testing, visit the Monroe County website at www.monroecounty.gov/health-covid-19-testing.

COVID-19 Closure Updates

On June 15, 2021, Governor Cuomo announced that COVID-19 restrictions are lifted immediately as 70 percent of New Yorkers aged 18 or older have received the first dose of their COVID-19 vaccination series. The State's health guidance and New York Forward industry specific guidelines—including social gathering limits, capacity restrictions, social distancing, cleaning and disinfection, health screening, and contact information for tracing—are now optional for retail, food services, offices, gyms and fitness centers, amusement and family entertainment, hair salons, barber shops and personal care services, among other commercial settings.

On August 2, 2021, Monroe County was designated as a County with a “substantial” COVID infection. Consequently, the CDC now recommends that people, regardless of

vaccination status, wear a mask indoors. This is a recommendation, not a mandate. The guidelines are unclear at this point, as is the situation. Neither the State, the County or the Town has imposed a mask *requirement* at this stage.

Unvaccinated individuals continue to be responsible for wearing masks, in accordance with federal CDC guidance. Consistent with the State's implementation of the recent CDC guidance, masks are still required for unvaccinated individuals.

For information on the vaccine, on getting the vaccine, regional vaccination data and more visit the [Finger Lakes COVID-19 Vaccine Hub](#).
