THINK CONSERVATION – AND SPRING! – WITH THE COUNTY’S TREE, SHRUB AND PLANT PRE-ORDER PROGRAM

Order deadline is March 4

Winter is still here, but it’s not too early to plan for your spring native planting project – and you can help conservation efforts in our area while you do!

The Monroe County Soil and Water (MCSW) Conservation District’s annual Conservation Tree, Shrub, and Plant pre-order program is currently underway and offers a wide variety of evergreens, hardwood trees, shrubs, wildflowers, groundcovers, seed mixes, plant variety conservation packs, and even enhancement items like bluebird nesting boxes and bat roosting boxes! Proceeds from the annual sale will benefit the MCSW Conservation District’s education and preservation programs.

The catalog offers great choices for suburban conservationists, including an Edible Fruit Shrub multi-pack – featuring two plants each of cold tolerant strawberry, raspberry, blackberry, and two varieties of blueberry – and a Wildlife Pack that includes shrubs and trees that provide ideal food and shelter for wildlife. Packages range in unit size and price, from a bundle of 10 spruces, pines or fir trees for as low as \$15, to bundles of 100 trees for as low as \$102.

Native species new to the program this year include White Cedar (Arborvitae), Paper Birch, American Cranberry, and Red Osier Dogwood – all showy, beautiful trees and shrubs that produce wildlife-attracting fruit and flowers and will provide quite the fall scenery with their stunning foliage.

Planting trees and shrubs is perhaps the most effective way for individuals to help keep our environment clean and green. In addition to providing shade, privacy, wildlife habitat, borders, windbreaks and snow fences, trees provide many environmental benefits not visible to the eye. They work as filters to help protect drinking water, clean the air of pollutants, help mitigate stormwater runoff and stabilize soil to prevent erosion, and reduce noise by acting as sound barriers. Trees can help cool your home in the summer, and break cold winds in the winter, helping to reduce energy use. They can even add value to your property.

Orders are due by March 4 and will be ready for pick up on **April 21 - 22** at Monroe County’s ecopark facility (10 Avion Drive, Rochester 14624). To find the 2022 catalog, fillable online and printable order forms, a plant fact sheet and planting tips, visit the Monroe County Soil and Water Conservation District’s [Tree and Shrub Program web page](#). Order forms also are available at local Town and Village Clerk’s offices. For further information, visit the MCSW Conservation District website at www.monroecountyswcd.org, email mcswcd@monroecounty.gov or call the MCSW Conservation District office Monday - Friday, 8:00am-4:00pm, at (585) 753-7380. Improve the environmental health of your property and support local conservation efforts - place your order today!

COVID-19 Access Updates

1/31/22 Update: Governor's mask mandate extended to February 10, 2022.

12/13/21 Update: By order of NYS Governor Kathy Hochul, until January 15, 2022 the Town must require all persons entering Town buildings to be masked, regardless of vaccination status. This applies to all Town indoor facilities, including Town Hall, the Spiegel Pittsford Community Center, the Pittsford Community Library, Town Court and the Highway Department, Sewer Department and Parks Department offices.

On June 15, 2021, Governor Cuomo announced that COVID-19 restrictions are lifted immediately as 70 percent of New Yorkers aged 18 or older have received the first dose of their COVID-19 vaccination series. The State's health guidance and New York Forward industry specific guidelines—including social gathering limits, capacity restrictions, social distancing, cleaning and disinfection, health screening, and contact information for tracing—are now optional for retail, food services, offices, gyms and fitness centers, amusement and family entertainment, hair salons, barber shops and personal care services, among other commercial settings.

On August 2, 2021, Monroe County was designated as a County with a "substantial" COVID infection. Consequently, the CDC now recommends that people, regardless of vaccination status, wear a mask indoors. This is a recommendation, not a mandate. The guidelines are unclear at this point, as is the situation. Neither the State, the County or the Town has imposed a mask *requirement* at this stage.

Unvaccinated individuals continue to be responsible for wearing masks, in accordance with federal CDC guidance. Consistent with the State's implementation of the recent CDC guidance, masks are still required for unvaccinated individuals.

For information on the vaccine, on getting the vaccine, regional vaccination data and more visit the [Finger Lakes COVID-19 Vaccine Hub](#).
