## **ARBOR DAY TREE PLANTING CEREMONY THIS FRIDAY**

*11:00am, Great Embankment Park*

Our Arbor Day Celebration at Great Embankment Park this Friday, April 29 will feature a commemorative tree planting and an Arbor Day proclamation. Town Supervisor Bill Smith also will discuss the Town's plans to earn a Climate Smart Community designation and to become a Certified Tree City USA in 2022. Our inaugural planting of a single tree takes place this Friday, but we'll be planting a total of seven trees of three different types in the park this spring, each well suited to this sunny canal side location: Sugar Maple, Oak and Sycamore. These hardy tree species are native to our area and have long life spans – they're expected to add beauty and shade to the park for the next 100 years or more! Great Embankment Park is located at 632 Marsh Road. The event is open to the public - please join us!

## NORTH MAIN STREET BRIDGE CLOSING JUNE 1 – AUGUST 1

*Additional State DOT road repaving work to begin in September.*

We've been meeting with the State Department of Transportation in recent months. You'll have seen their crews out patching some of the deep potholes that emerged over the winter on State roads such as Monroe Avenue, State Street, East Avenue, Main Street and Pittsford-Palmyra Road. These repairs are temporary fixes. East Avenue, North and South Main Street, Monroe Avenue and State Street (from the canal bridge east through the Village), and Palmyra Road (east to the Perinton town line) all will be completely repaved by the State beginning in September. This work will be done evenings and overnight.

**The State will close the North Main Street Canal Bridge on June 1,** to do a complete resurfacing of the bridge deck and sidewalks. The bridge is scheduled to reopen on August 1. Schoen Place will remain open to traffic during that time.

Some initial work related to the repaving projects began this week. It will continue through September. This includes upgrades to sidewalk curb ramps, constructing traffic calming crosswalk bump-outs, tree removal and replacements, utility relocations,

manhole replacements, minor storm sewer work, and traffic signal replacement and upgrades. Most of this work will be limited to closures of the shoulder of the road, so impact on traffic will be kept to a minimum.

[View the NYS DOT project map here](#). Questions or concerns about the project can be directed to Kevin Cannan, Engineer in Charge by email at [Kevin.Cannan@dot.ny.gov](mailto:Kevin.Cannan@dot.ny.gov).

### PICKLEBALL COURTS AT THORNELL FARM PARK

Last summer the Town Board invited public advice on potential uses for the \$2.8 million in federal funds we received under the American Rescue Plan Act of 2021 (ARPA) and had the means of communication in place for Pittsford residents to comment. We reiterated this request for public comment in the months following. We did so again recently, concurrently with our Town Department Heads briefing the Town Board on initiatives postponed due to COVID and other necessary or publicly beneficial projects that qualify for ARPA funding.

Of all public comments received, the overwhelming number asked us to provide regulation courts for the game of pickleball. This made sense in light of the interest in pickleball that residents have expressed to staff in our Recreation Department. A racket/paddle sport combining elements of tennis, badminton and ping-pong, pickleball has been one of the fastest-growing sports in town, as it's been across the country. Supervisor Smith asked our Recreation Department and Public Works Department to think about options for regulation pickleball courts. They were able to identify ways to accomplish the goal at reasonable cost.

At our Town Board meeting on April 5, 2022, Commissioner of Public Works Paul Schenkel presented the options - you can see his presentation at [www.townofpittsford.org/files/images/ARPA-funds-presentation-pickleball-2022.pdf](http://www.townofpittsford.org/files/images/ARPA-funds-presentation-pickleball-2022.pdf). The Town Board approved creating four regulation pickleball courts at Thornell Farm Park. The cost is estimated at \$16,000, and qualifies for ARPA funding. Subject to availability of materials, which has been an issue for municipalities and others recently, we expect to have these new courts open sometime this summer.

The federal government provided ARPA funds to allow municipalities to recoup revenue losses due to the pandemic, to complete deferred projects, programs and maintenance and pursue other projects related to municipal services. Projects with broad public support or the potential for it are of interest to us at Town Hall, so please continue to share your ideas with us. You can send an email with your suggestions to the Supervisor and Town Board members together, at [www.townofpittsford.org/electedboard/contact](http://www.townofpittsford.org/electedboard/contact).

## COVID-19 Access Updates

3/2/22 Update: the Statewide mask mandate for schools expired 3/1, mask use is now optional in Pittsford School District schools; for more information, visit [www.pittsfordschools.org/COVID-19INFORMATION](http://www.pittsfordschools.org/COVID-19INFORMATION). The mandate remains in place for health care facilities, transportation and other related entities.

2/10/22 Update: the Statewide mask mandate has expired for indoor public spaces including grocery stores, shops and offices. The mandate remains for other settings such as health care facilities and schools.

1/31/22 Update: the Governor's mask mandate extended to February 10, 2022.

12/13/21 Update: By order of NYS Governor Kathy Hochul, until January 15, 2022 the Town must require all persons entering Town buildings to be masked, regardless of vaccination status. This applies to all Town indoor facilities, including Town Hall, the Spiegel Pittsford Community Center, the Pittsford Community Library, Town Court and the Highway Department, Sewer Department and Parks Department offices.

---

On June 15, 2021, Governor Cuomo announced that COVID-19 restrictions are lifted immediately as 70 percent of New Yorkers aged 18 or older have received the first dose of their COVID-19 vaccination series. The State's health guidance and New York Forward industry specific guidelines—including social gathering limits, capacity restrictions, social distancing, cleaning and disinfection, health screening, and contact information for tracing—are now optional for retail, food services, offices, gyms and fitness centers, amusement and family entertainment, hair salons, barber shops and personal care services, among other commercial settings.

On August 2, 2021, Monroe County was designated as a County with a "substantial" COVID infection. Consequently, the CDC now recommends that people, regardless of vaccination status, wear a mask indoors. This is a recommendation, not a mandate. The guidelines are unclear at this point, as is the situation. Neither the State, the County or the Town has imposed a mask *requirement* at this stage.

Unvaccinated individuals continue to be responsible for wearing masks, in accordance with federal CDC guidance. Consistent with the State's implementation of the recent CDC guidance, masks are still required for unvaccinated individuals.

For information on the vaccine, on getting the vaccine, regional vaccination data and more visit the [Finger Lakes COVID-19 Vaccine Hub](#).
