Message from Town Supervisor Bill Smith:

TIPS FOR A SAFE AND HAPPY HALLOWEEN

Halloween is tomorrow! If your family will be out trick-or-treating – or if you will be out on the road – be sure to plan ahead for a fun and safe evening. The National Highway Traffic Safety Administration advises that children are nearly **THREE TIMES** as likely to be hit by a car on Halloween than on any other day of the year. It's a sobering fact that requires attention. Don't let Halloween be scary for the wrong reasons; follow these simple yet important guidelines to make sure you, your children and your neighbors stay safe.

- **Be visible!** Poor visibility is the biggest threat on Halloween night. Trick-or-treat before the sun goes down if you can, especially if you have younger children. Choose light-colored, fire-resistant costumes. Fasten reflective tape to costumes and bags and have everyone hold a glow stick or flashlight.
- **Have a walking plan.** Trick-or-treat down one side of the street at a time, stay within well-lit areas that have sidewalks and watch out for cars backing in and out of driveways.
- **Drive below the speed limit.** Little ones dart out of their parent's grasp quickly and unexpectedly; you need extra time to safely respond.
- **Accompany all children under the age of 12 and** remind kids of all ages to **NEVER** enter a stranger's home or car. Have teenagers adhere to a curfew and check in with them throughout the evening.
- **Inspect children's treats when they get home.** Throw away any candy with tears, holes, or damaged wrappers.

The best plan is to be aware and take care. Have a fun, safe Halloween!

"FALL BEHIND" – TURN CLOCKS BACK THIS SUNDAY, 11/3 & CHECK YOUR SMOKE DETECTOR

Daylight Saving Time ends this Sunday, November 3 at 2:00am – time to "fall back" and set your clock back one hour, although you may want to do this just before you go to bed on Saturday night! The sun will set an hour earlier now. The good news: we get an extra hour of sleep this weekend! The end of Daylight Saving Time also serves as a critical reminder to **change the batteries and make sure our smoke**

alarms and carbon monoxide detectors are in working order. Find more information about smoke alarms at the [National Fire Protection Association](http://www.nfpa.org) website.
